管夾規格說明 Specification

For example, this tube is 1" (33.4mm)

For example, this tube is 3/4" (26.7mm)

If this position (hole) is going to wear round tube 1" (33.4mm)

and this concave part is going to wear round tube 3/4" (26.7mm)

Then the spring clip needed is 1" x 3/4" (33.4mm x 26.7mm)
