關於我們 About Us

Song He Spring Co., Ltd. is a professional spring manufacturer located in Tainan City, Taiwan with more than 20 years solid experiences in making springs.

We use the CNC multi-function forming machines and inspect products by using precision testing instruments. We could manufacture products according to customer's demands. Also, we are ISO 9001:2015 certified !

崧賀彈簧有限公司是具備開發設計、生產製造的優質工廠，生產經驗已有二十餘年。

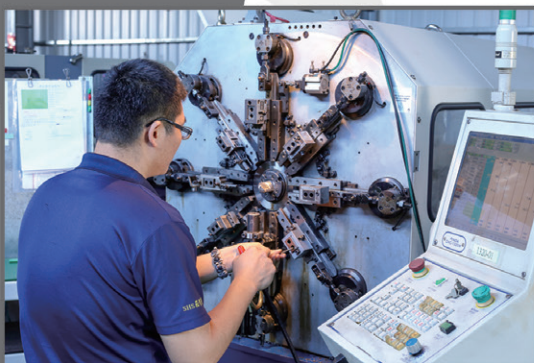

公司設備有 CNC 多軸成型機，高精密度測試儀器等，可依客戶需求客製化生產。而且我們已通過 ISO 9001:2015 的認證。

公司政策

1. 以專業、高效率配合客戶開發打樣。
2. 嚴格要求品質控管，多重檢驗產品。
3. 生產設備新穎，產品及價格具競爭力。
4. 以真誠服務顧客為理念，以達永續經營之目標。

Company Policy

1. With professional and highly-efficient cooperation to meet customer needs also with customer development and production of various types of springs.
2. With high quality control and assurance standards in addition to well-structured inspection procedures of our production process.
3. With up-to-date equipment and machines, our products and price are competitive. We could sample for customer.
4. Song He is committed to do the best to serve for you on the most sincerely service and furthering sustainable development and operations.

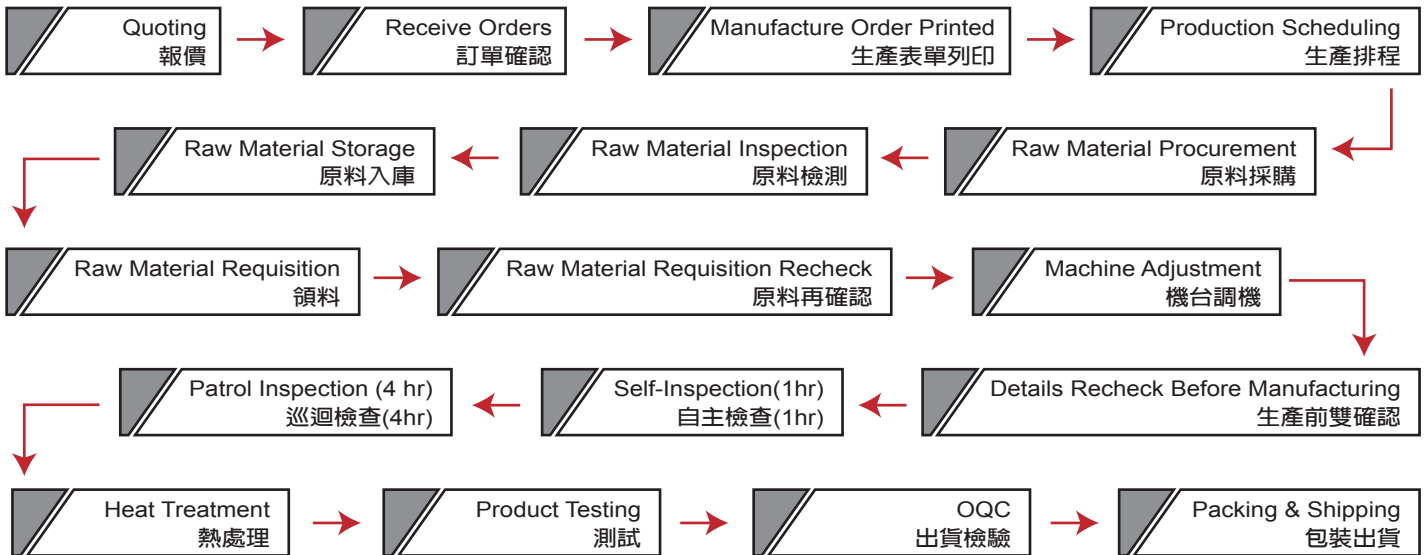

CNC multi-function forming machine

成品庫存區

彈簧結構 Spring Composition Conditions

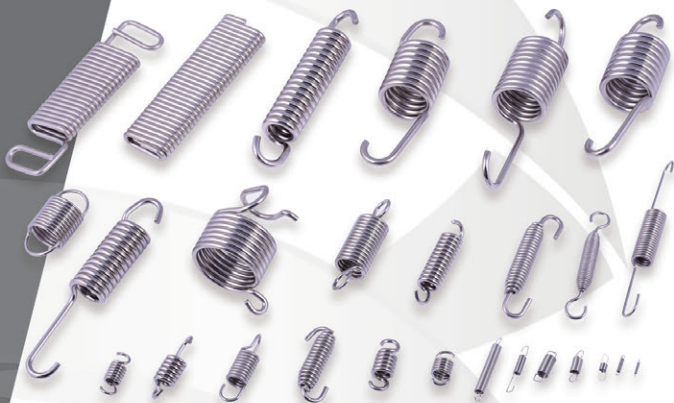

Free Length (L)	自由長度
Outer Diameter (O.D.)	外徑
Wire Diameter (d)	線徑
Body Length	密實長度

Free Length (L)	自由長度
Outer Diameter (O.D.)	外徑
Inner Diameter (I.D.)	內徑
Pitch (P)	節距
Wire Diameter (d)	線徑
Total Number of Coils (Nt)	總圈數
Active Coil Number (Na)	有效圈數

產品介紹 Products

Extension Spring 拉力彈簧

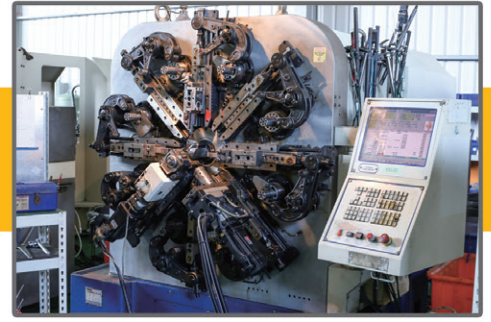

Compression Spring 壓力彈簧

QC department
QC 品管室

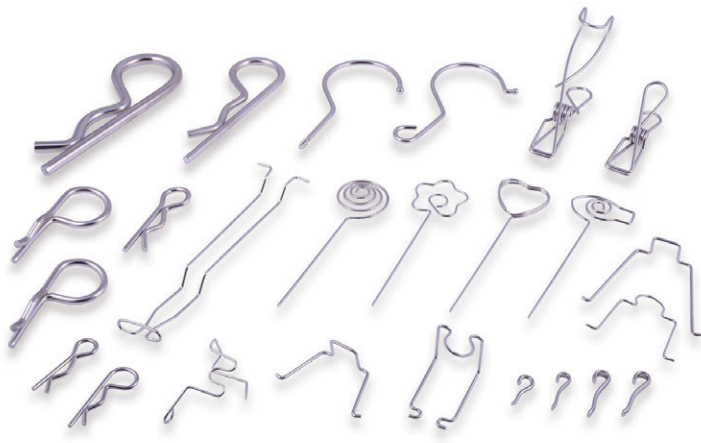

Compression & Tension tester
Torsion tester, Spring clip fastener tester
拉力 & 壓力測試機、扭力測試機、管夾夾持力測試機

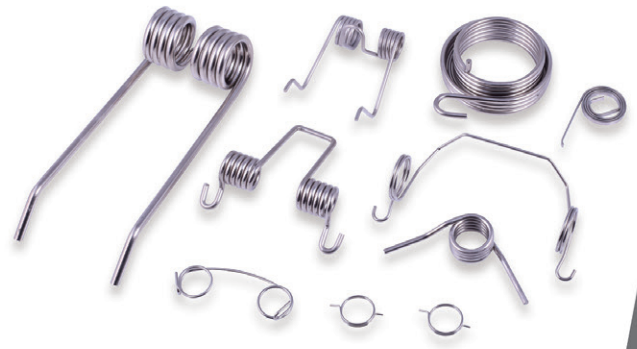

CNC multi-function forming machine

Automobile & Motorcycle Spring 汽機車彈簧

溫室彈簧

Wire Forming Springs for Greenhouse

Products Feature 產品特色

- Spring clip (cross connector) : used to fasten on cross connection of round tube.
鐵管夾：用於圓管的十字結合
- Wiggle wire : used to fix the film with channel for greenhouse covering.
S 形壓條線：能緊密的將農膜或防蟲網固定於壓條槽內
- Spring wire hook : to hold the film with a band and avoid the destruction of strong winds.
壓條勾：結合農膜固定帶固定農膜，以避免農膜遭受強風破壞
- Tomato hook : used for supporting the vine to climb and space is used at its best.
蕃茄勾：用於支撐爬藤植物攀爬及簡省空間

Spring Clip Specification 規格說明

If this position (hole) is going to wear round tube 1" (33.4mm)

and this concave part is going to wear round tube 3/4" (26.7mm)

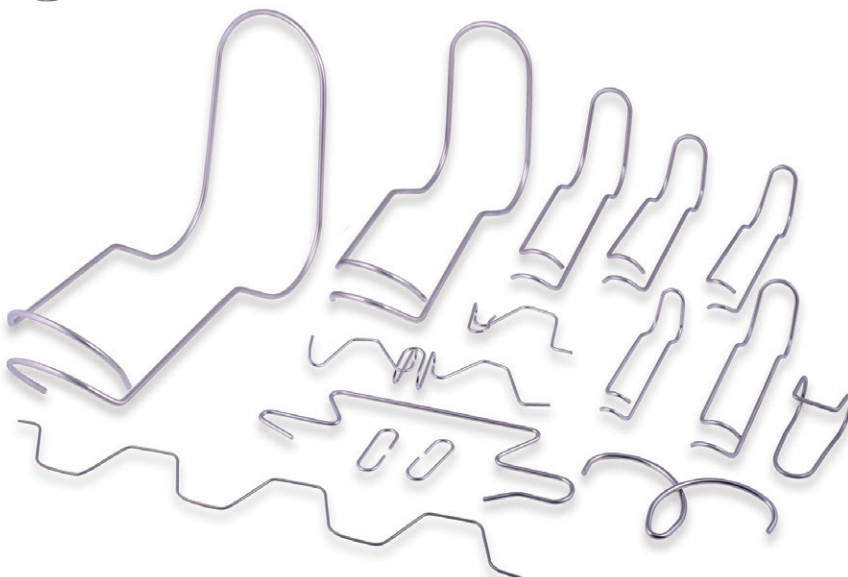

Then the spring clip needed is 1" x 3/4" (33.4mm x 26.7mm)

Application 管夾應用

Comparison Table 鐵管夾與圓管外徑對照表

Spring Clip Spec.	Round Tube Outer Diameter	
	mm	inch
1/2"	21.5	0.840"
3/4"	26.7	1.050"
1"	33.4	1.315"
1-1/4"	42.2	1.660"
1-1/2"	48.3	1.900"
2"	60.3	2.375"
3"	88.9	3.500"
